

Symmtrex™

Structure For Success. **Build Smarter.**

CONSTRUCTION QUOTE CHECKLIST

Use this checklist to gather the information we need to provide a faster, more accurate quote for your construction project.

☐

PROJECT ADDRESS / LOCATION

Provide the full project address or job site location.

☐

BUILDING DIMENSIONS

Include overall length, width, height, number of stories, square footage, and roof style or pitch.

☐

DRAWINGS, PLANS, OR PHOTOS

Share architectural drawings, structural plans, blueprints, CAD files, site plans, photos, or sketches—any visuals help improve estimate accuracy.

☐

SCOPE OF WORK

Clearly define the work you need, such as steel framing, spray foam insulation, metal building erection, or other specific services.

☐

PROJECT TIMELINE

Provide your desired start date, required completion date, and any scheduling constraints or phased requirements.

☐

SITE ACCESS & CONDITIONS

Share details about site access, equipment access, loading areas, site restrictions, working hours, and parking availability.

☐

DECISION MAKER & CONTACT INFORMATION

Include the primary contact, company name, email, phone number, and preferred method of communication.

☐

BUDGET EXPECTATIONS (OPTIONAL)

Share your target budget range so we can recommend the best solution for your project.

**THE MORE
INFORMATION
YOU PROVIDE,
THE FASTER
AND MORE
ACCURATE
YOUR QUOTE
WILL BE.**

WE SPECIALIZE IN:

- ✓ Steel Framing
- ✓ Spray Foam Insulation
